

Dear Northland Businesses,

We are pleased to extend the following invitation to our next events, details of which are provided below. The subject of our next workshops will be **'Valuing People: The Benefits of Employee Wellness to Your Bottom Line and Practical Tools to Implement in Your Business'**. We anticipate that these workshops will be relevant to all businesses, ranging from owner operators, to those that employ and manage staff, and we hope you can join us for what promises to be an interactive and informative session, facilitated by Suzanne Hall (founder of Living Nature, and director of the new and innovative business BE Intent). Please RSVP to register your attendance, as places will be limited.

We also invite interested businesses to contact Lisa Martin (NSBC Club Facilitator), if you would like to be considered to participate in the Sustainable Product and Service displays for these events ([lisam.martin@xtra.co.nz](mailto:lisam.martin@xtra.co.nz)), or call 027 255 1302). This opportunity is available at no cost, and enables suitable businesses to exhibit **wellness** products and information at these events, respond to questions, and have details published at our next Club Communication. We already have an exciting array of products, services and information secured for these events, so places are limited.

## Invitation to Next Workshop Northland Sustainable Business Club

### Workshop 4 – Valuing People:

### The Benefits of Employee Wellness to Your Bottom Line and Practical Tools to Implement in Your Business

Please join us for an interactive and practical workshop session, including presentations from leading entrepreneur, Suzanne Hall of **BE Intent**, **Case Studies**, **Displays of Sustainable Products, Services and Information** to help you on your way, and opportunities for **Networking** and **Discussion**.
